

# Streamline Assist

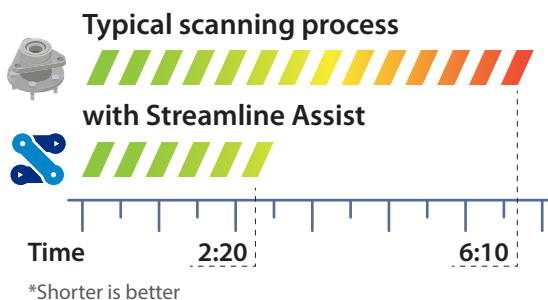

For Handheld Scanning

A powerful, innovative workflow management software that provides the shop floor user **step-by-step guidance** of the entire 3D scanning and inspection process.

## Benefits

- ▶ Ease-of-use
- ▶ Significantly accelerates several steps of the process
- ▶ Promotes consistency from user-to-user
- ▶ Improves quality of data
- ▶ Prevents/Reduces errors
- ▶ Increases job satisfaction
- ▶ Retains inspection know-how
- ▶ Elevates operator skill-level
- ▶ Scalability: Scales from 1 to many number of users and devices with minimal training
